To the Class of 2003:

College graduation is one of life's important mileposts. Fundamentally, it symbolizes your full 'coming of age' as a person prepared to make his or her own way in the world. The point is not that you are now expected to be able to do everything on your own, without help of family, friends, and mentors. The point is, though, that you are expected to be primarily responsible for your own direction, support, and well-being.

Lots of choices lie ahead. Each choice you make will draw in greater detail the picture of your life. Career, location, spouse, and community interests. Each choice will help to determine your relationship to others and to the world as a whole. Make them with a vision of excellence in mind, an excellence that includes fulfillment in all aspects of your life.

As the years go by, I hope you will think fondly of York College and your time here. If you stay in touch with friends you have made and the faculty members you know, York College will continue to be important to you. Perhaps, as your career advances and your time and financial resources permit, you may begin to explore ways to get involved in York College's continuing development. The Alumni Relations Office is the place to find ways to stay connected with the College or to re-connect if you have gotten out of touch.

Please know as you go forward, that your membership in the York College Community is forever. You have many friends here on campus, who wish you well and look forward to future opportunities to learn of your accomplishments.

Warm regards,
George W. Waldner

Life

Academic

The majority of a York College student's time is spent in one of these buildings. Between classes, sports, and extra-curricular activities, not one day can go by without a student stepping foot into one of these buildings. This page features the Schmidt Library, where students spend countless hours studying for exams, the Wolf Gymnasium, where all the Spartan athletes work out, and the Robert V. Isoue Student Union, where Sparts Den, the cafeteria, and Campus Programming can be found.

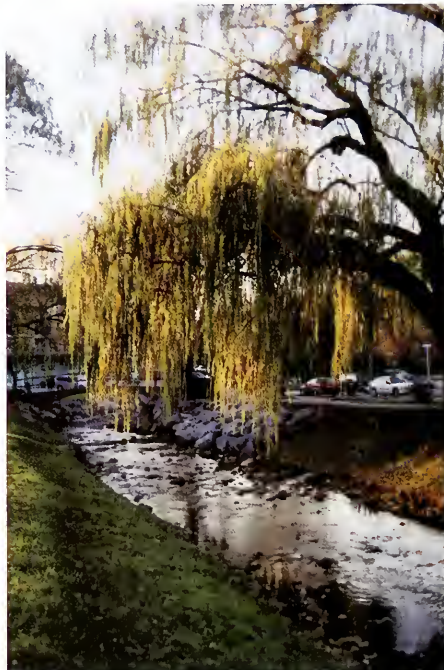

Buildings

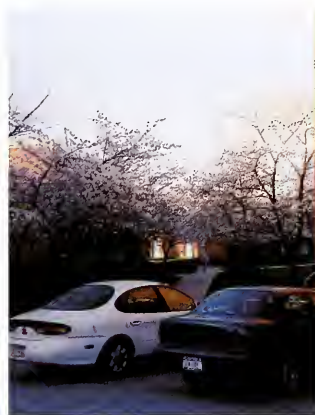

This page features Campbell Hall, where the Coffee Cart is located and also where the majority of students have their classrooms, the Business Administration Building, where you can find the computer labs, and the Mac Building, where most of the music and art classes are located.

Third Eye

On Saturday, April 5th, Third Eye Blind took the stage in Wolf Gymnasium. The lead singer, Stephan Jenkins lead the band in a successful performance. Opening for Third Eye Blind was an acoustic guitarist named "Sammy", who started off the concert with a bang. Then the lights dimmed and the crowd roared as Third Eye Blind took the stage. Several hundred York College students gathered together to listen to the very popular band and sing along with their well-known songs. They played hits such as "How's It Gonna Be?", "Semi-Charmed Life" and "Jumper", as well as songs off their new album, such as "Blinded." This concert will definitely be remembered by all those who attended.

Students represented their organization, including the "Professional Pest" who decided that stealing the editor's camera & taking his picture was a good idea.
